

Wildlife Resistant Store-All Box

Intersteel Wildlife Resistant Store-All Boxes are designed to store contents and keep it safe from animals such as rats, squirrels, raccoons, skunks, opossums, and even smaller black bears. For further protection against larger bears, the Store-All boxes can be equipped with edge guards to provide further resistance against the bears being able to bend the lids open.

The Store-All box can be used to store things such as garbage, sports equipment, food containers, toys, gardening equipment, outdoor furniture, etc. Anything that needs to be stored and protected when not in use can be kept safe in the Store-All Box.
